## **Innovative Consulting Group Launches Partnership with Polaris Strategic Solutions**

**Evansville, IN – October 2, 2018** – Healthcare IT consulting firm, Innovative Consulting Group announced that it has entered into a partnership with healthcare reporting firm Polaris Strategic Solutions (Malvern, PA).

Per the partnership, ICG will offer Polaris' suite of services and toolkits to hospitals, health networks, accountable care organizations, and other providers on the healthcare landscape that need to seamlessly integrate disparate datasets from multiple clinical, financial and administrative systems, and generate accurate reports that drive smarter and faster decision-making across the organization.

### **Innovative Consulting Group**

Innovative Consulting Group (ICG) is a healthcare IT consulting firm that is strategically designed to overcome healthcare providers obstacles, optimize their systems, and fulfill business and clinical demands. We provide Healthcare IT consulting support for the implementation and ongoing maintenance of EHR systems. ICG is vendor agnostic and works with the leading EHR software vendors, including Epic, Cerner, Allscripts, McKesson, MEDITECH and more. Since 2002, ICG has partnered with over 300 hospitals and clinics on over 3,000 engagements to provide support for project management, build, testing, training, go-live, optimization and legacy system support.
